A fresh approach  
to Office Interiors  
& Seating

Claughtons

**Camerton is more than just furniture. It's an investment. Because it's made with high quality, hard-wearing materials, it's guaranteed to last you years. It's inviting, functional and comfortable, which helps you get the best out of your staff. It makes the most of your space, so you get more for your budget.**

We can design, supply and fit our Camerton furniture for any space, including offices, receptions, waiting rooms, conference rooms and staff resource areas. Whether you just need new furniture or a complete redesign, we guarantee to give you everything you need on time and within budget.

So join the growing number of UK businesses and public organisations today who are already benefiting from Camerton.

*Designed with you in mind*

HOW WE WORK WITH YOU	4
WHY CLAUGHTONS?	6
CHOOSE CAMERTON	8
WORKSTATIONS	10
STORAGE	26
TABLES	30
SEATING	34

**First we get to know your needs and goals. We listen to your ideas and work with you to plan the designs. Then we use our expertise to build and fit furniture that's completely in tune with how you work.**

**You gain from our design-led approach**

Emma and her design team have over 30 years' combined experience in spatial design, interior architecture, engineering and construction.

So we know how to create furniture that's stylish, practical and tailored to your staff.

**Preview the end result**

Working with your brief, we create 2D and 3D plan designs to help you imagine what the finished project will look like. Our CAD systems link to our machines, so we manufacture exactly what you see in the design drawings.

“ Everything we design is meticulously thought through, to create stunning yet functional spaces, making all of our interior design projects unique”

*Emma, Head Designer*

## Save money by making the most of your space

We put in place a thoughtful, effective space planning strategy and use the latest technology to create designs that make the most of your space and reduce costs.

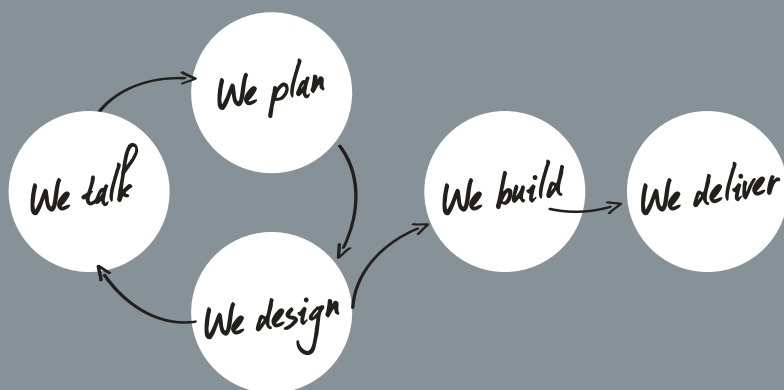

**A worry-free way to order furniture - from the initial designs to the delivery and fitting, we take the strain, stress and risk away from you. So you have total peace of mind from start to finish.**

**We care about getting it right**

Whether you need bespoke furniture or specialist seating, we'll do our utmost to design, build and source it for you.

**Trust us, we know what works**

The Camerton range is the product of years of research and consultation with businesses and public sector organisations. So we know what works for you and why.

A photograph of a modern office interior featuring a long, light-colored wooden desk with a silver metal frame. Several black ergonomic office chairs are positioned around the desk. A laptop and some papers are on the desk. Large windows with blinds are in the background.

# You get the highest quality furniture on time and without breaking your budget.

## **Best quality, guaranteed**

We approach every stage of your project with the same attention to detail. Whether we're designing your furniture and layouts or fitting the final touches.

## **On time and within budget**

We take your goals, ideas, timeframe and budget into account in everything we do. That way you get everything you need, when you need it and at the best price.

# Why choose Camerton? That's easy. Here are some of the reasons why...

## **You get tough, practical, fit-for-purpose furniture**

We use the highest quality materials and build furniture to withstand day-to-day use in offices. So it's guaranteed to last you for years to come.

## **Your project is managed from start to finish**

One of our project managers will oversee your project and work with you to plan the delivery and installation. A team leader will work with you onsite to make sure everything runs smoothly.

## **You get a 5 year warranty for extra peace of mind**

So you can order your furniture worry-free and get on with what really matters to you.

## **You join a growing number of happy clients**

See our Case Studies and Testimonials over on [claughtons.com](http://claughtons.com) to find out more about why people choose us.

## Case Study

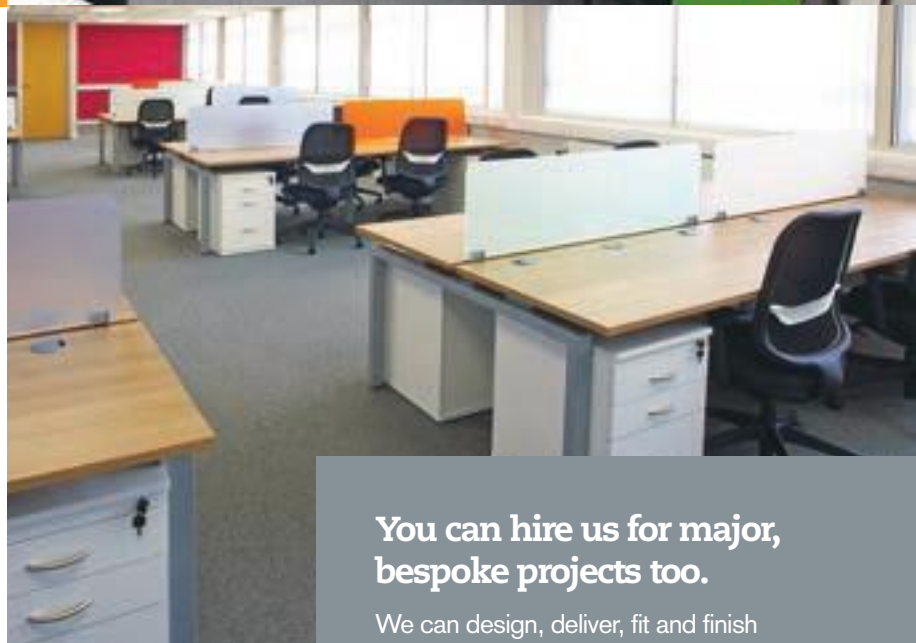

### Claughtons helps Kingston Communications to create a vibrant new work space

**We were tasked with supplying desks and office furniture over two floors for the team of over 250 employees. The brief was also to reflect KC's bright, corporate colours.**

The project required us to manufacture a bespoke Vector desking system at our site in Melton, East Yorkshire, and ensure the desk size and specifications met KC's exact requirements. The installation of desks, pedestals, coloured screens and storage took just five days per floor, which kept disruption to the KC team to a minimum.

"The installation at KC's Head Office was a big project, but we worked closely with the in-house team to ensure we delivered exactly what they required. The KC brand is bright and modern and they really wanted us to reflect that with their office furniture design. We supplied a variety of desks and storage from our Camerton range, which can be tailored to fit any space." Simon Crawford, Sales Director at Claughtons

"We wanted the office to be bright, modern and airy - and Claughtons have delivered just that. The process of working with Claughtons was smooth and efficient and they delivered on time at quite short notice. Our employees think the new offices are fantastic and the colour palette is exactly what we were looking for - it looks great!" Mark Blenkinsop, Regional Facilities Manager for KC

### You can hire us for major, bespoke projects too.

We can design, deliver, fit and finish any turnkey project.

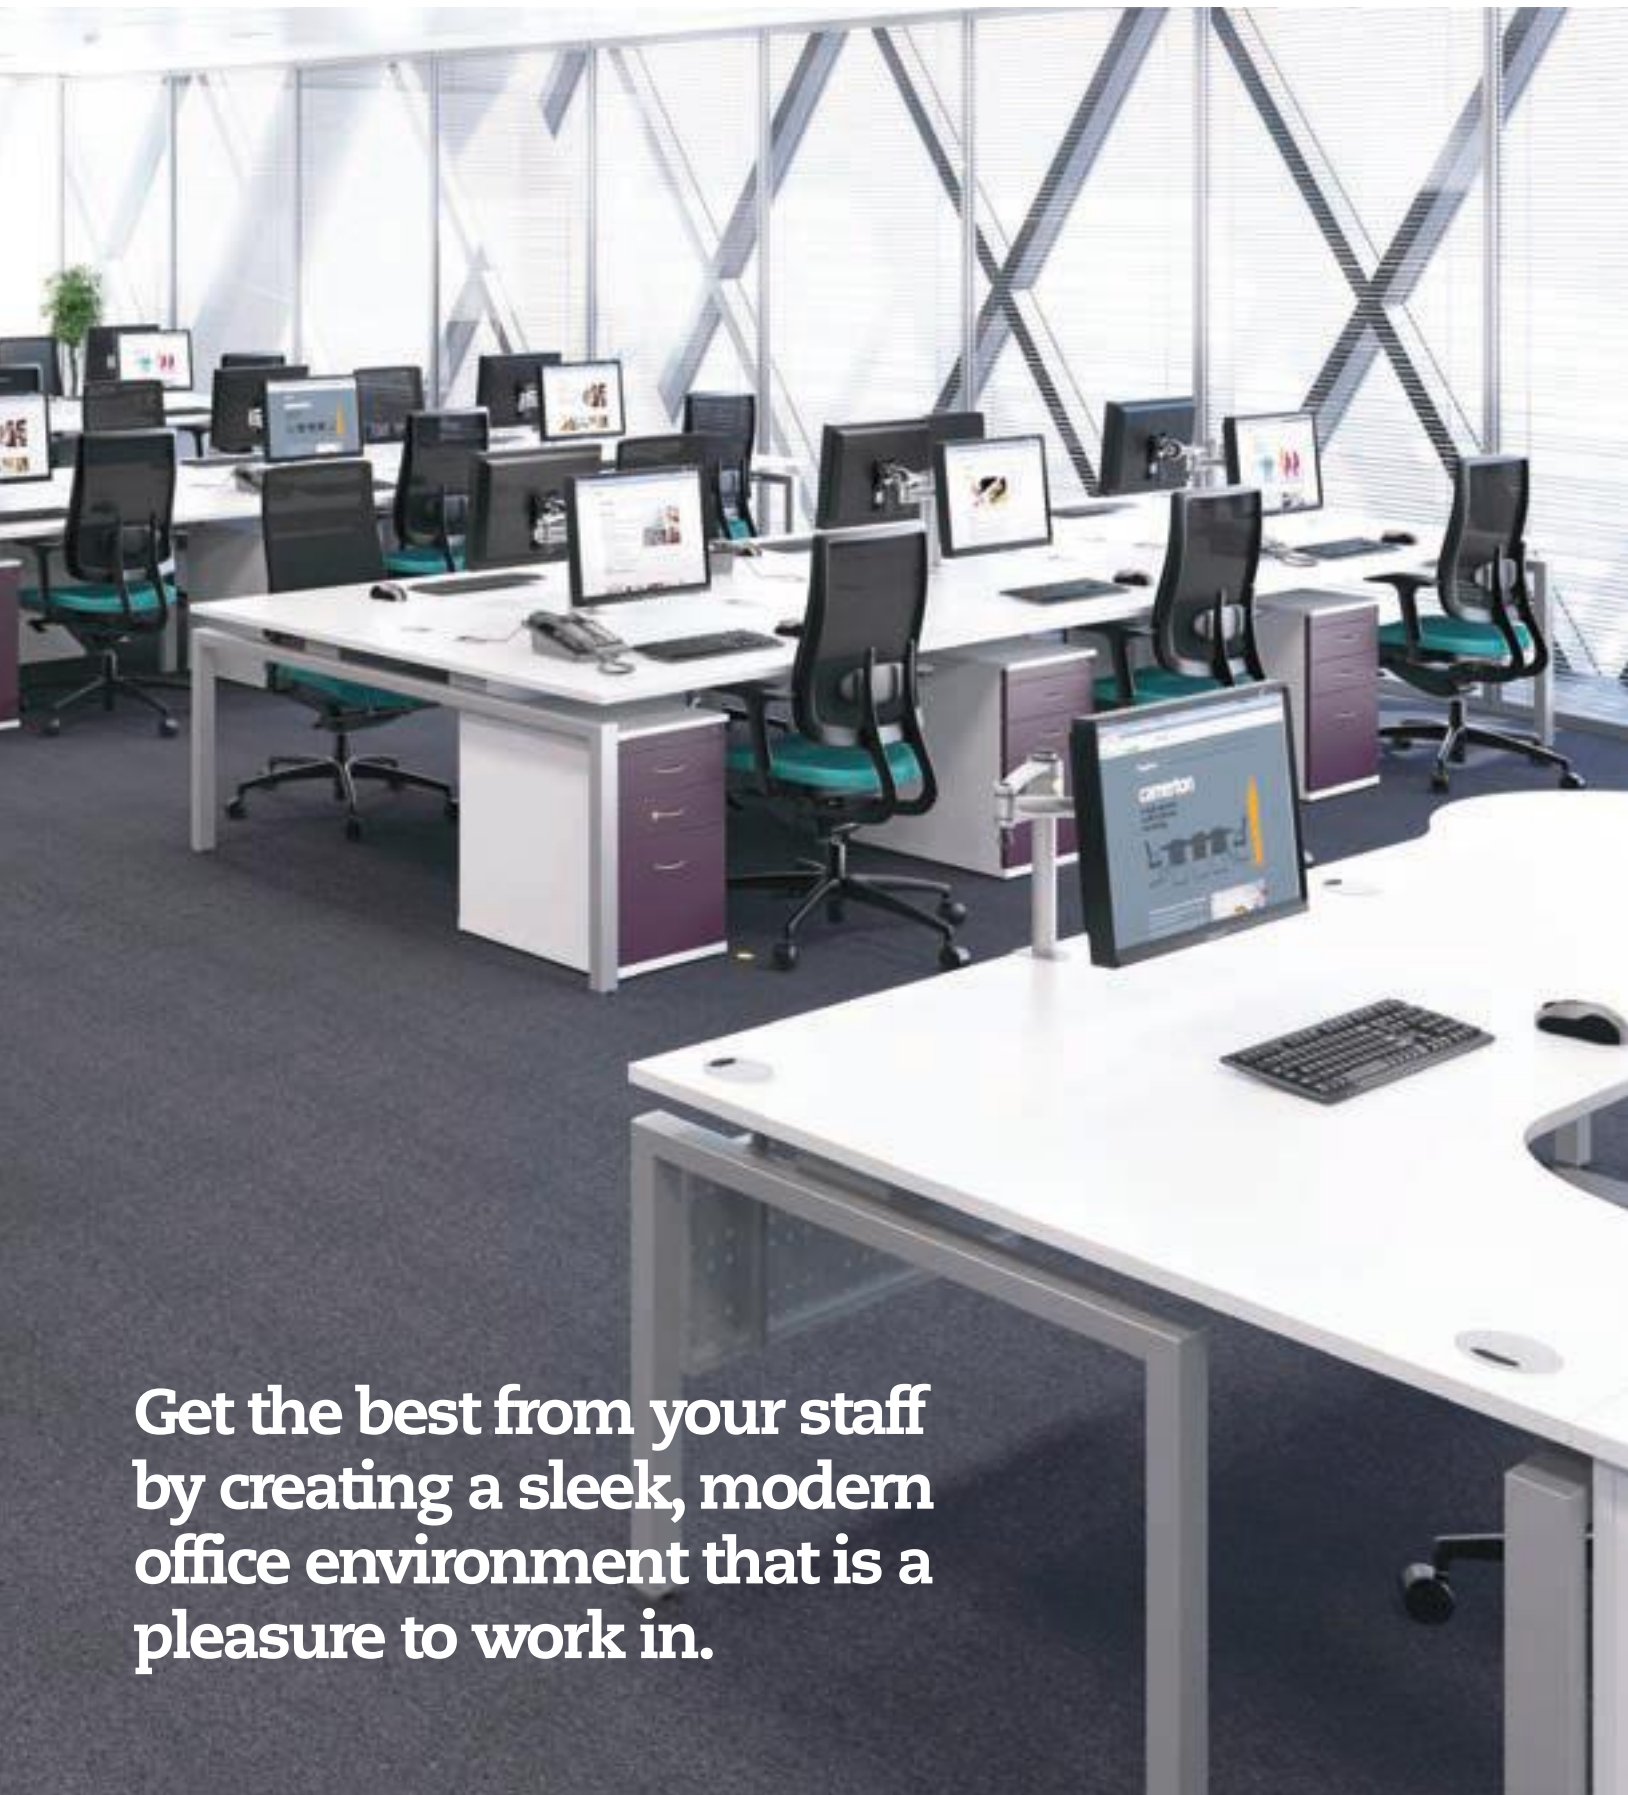

You can choose from our huge range of furniture, fittings and equipment. We can also source modern products from the best names in the industry for you.

We also offer a full range of sub-contractor services. These include plumbing, electrics & data cabling, building works, décor services and IT hardware.

Call the Claughtons team now on 01482 638 141

Vector

**Get the best from your staff  
by creating a sleek, modern  
office environment that is a  
pleasure to work in.**

# Vector

**Vector's simple modern design is ideal for multiple users working individually or in teams**

**Choose from single, or double sided designs**

Vector's clever leg frame system allows you to specify single person managerial workstations and double sided team desks for up to six people. Vector has been designed to maximise the use of work space and the sharing of leg components to minimise costs.

“ The whole process was really good. Claughtons are a local business, manufacture their own products and provided us with an excellent service. Our office was an empty shell so it was really exciting to see it all come together.”

John Johnson Managing Director at Your Green Deal Provider

### Add a splash of colour

Complementary desk screens are available in a variety of styles in Perspex or fabric finishes. Multifunctional screens with a tool rail, also provide a handy space for mounting monitor arms and accessories.

### Easier access to cables

Sliding tops and Vector's integral cable management trays make installing IT and telephones a breeze. Cables are hidden out of sight to help keep your work spaces clutter free.

# Axis

On a budget? Get the best quality at a price you can afford with the simple, stylish Axis range.

# Axis

**Axis incorporates a sturdy cantilever leg design enabling you to specify from a range of desk shapes and sizes to maximise working space.**

## **Top quality, lower price**

It may be our budget range, but Axis is made using the same high quality materials as our premium range. That means you get strong, long-lasting desks at a price that matches your budget.

### Reconfigurable spaces

Axis desks can be used on their own or in clusters to create a variety of planning concepts. It is truly a flexible cost effective solution to meet the demands of today's modern office.

### Storage

An extensive range of storage units are available in a variety of heights and widths, to complement the Axis range.

# Axis+

The attractive design of Axis+ makes for a clean stylish look, whilst the integral cable management system keeps your workspace tidy.

# Axis+

The integrated vertical cable risers in the leg frame and horizontal cable management system enables the discreet management of wires and cables to the desktop.

## A stylish, solid leg frame

The strong, attractive C-frame design of the Axis+ looks great in any space, whether your office interiors are modern or more traditional.

### Flexible for the future

The Axis+ leg is engineered to allow for future expansion with minimal cost implications. Single desks can be transformed into multi-user workstations as your business grows.

# Merit

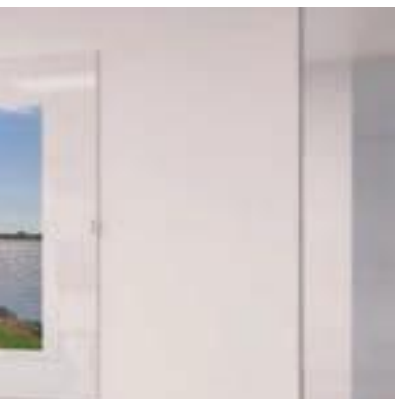

**Why change a classic?  
Merit's timeless, panel-end  
design is ideal if you're  
looking for a more traditional  
style of desk for your office.**

# Merit

**Merit is proof that old and new can meet harmoniously to suit any commercial working environment. Integrating desk high storage allows you to expand your working area.**

“I’ve been impressed with the Merit range ever since we upgraded to them for our refit. So much so that I am looking at the same range again for our next office refresh. They’re exactly what we need – sturdy, hard-wearing and a classic style that provides full modesty for female staff and fits in with the rest of the office – so I couldn’t be happier.”

Jeff Grantham Managing Director at Sterling Trust

### Keep it simple

Want to refresh your desks with a style you’re used to? Then Merit’s classic panel-end design will fit right in.

### Hide away office clutter

Merit’s solid privacy panels help to conceal bins and personal items under the desk and out of sight. If you require cable trays, they can be added as an additional extra.

# Storage

**Complementary storage solutions are available across all our ranges. Bespoke storage can be designed to maximise your available space and create an office storage feature.**

# Storage

**Keep your work safe, organised and accessible with our range of pedestals, filing cabinets, cupboards, bookcases and storage units.**

## **Smart storage solutions**

A variety of heights and widths combine perfectly with each desk range design, and are easy to configure with different accessory options. To create a contemporary office feel, wood grain finishes and bold colours can be combined.

### Flexible options

Our lockable double door tambour cupboards are ideal if space is tight, the doors slide away inside the unit maximising access to lateral filing systems and shelving. Mobile tray storage and large format paper drawer units enable you to store expensive consumables safely and securely.

# Meeting & Conference

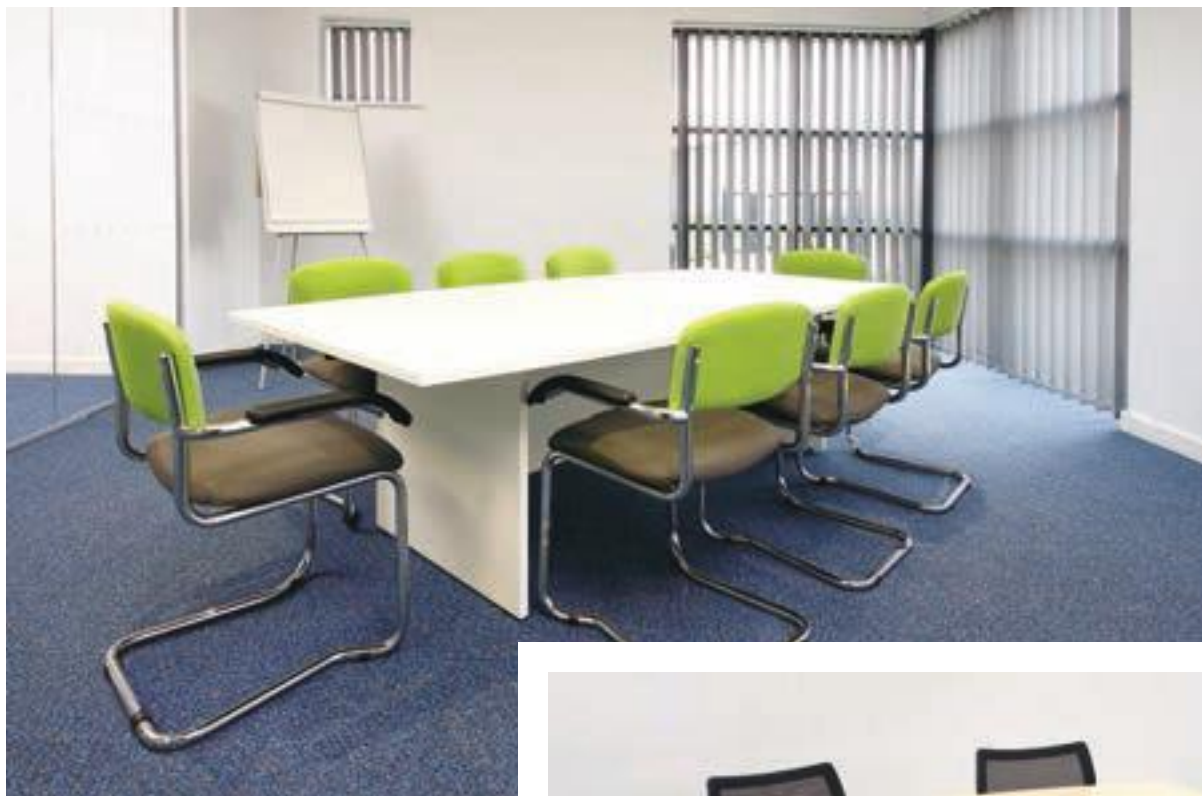

**Clean lines and a high quality finish make our tables a great choice for any meeting, conference or boardroom.**

# Meeting & Conference

**A well designed, comfortable meeting room allows you to discuss your ideas, present creative thinking, make decisions and agree strategies. Meeting rooms are at the heart of all businesses, it's where business gets done!**

### Flexible meeting space

Short of space? Then specify our range of mobile meeting tables available in a broad range of sizes and finishes. Available with fixed table top or flip-top for easy storage when not in use.

### Integrate your ICT

Effective meetings rely on great presentations. Our range of meeting and boardroom tables allow you include a range of pop-up and flush fitting connection modules and discreet cable management for seamless presentations.

# Social & Breakout

What you see is a selection of products. For the full range visit [claughtons.com](http://claughtons.com)

**Your people need somewhere where they can relax, socialise and work in an informal setting. We can help you create more inviting social areas, which are bright, modern and comfortable with our wide range of breakout furniture.**

## **Distinctive designs**

Striking, bold designs can enhance your corporate image. Whether you favour traditional and stylish or modern and funky, we have a wide range of seating solutions which offer superb levels of comfort.

### More than just seating

High sided pods create a working space for informal meetings and group discussions offering your staff flexibility of choice, without the need for interior partitions. These can be rearranged at any time to suit your space requirements.

### Plug in and work

Some of our social seating has integrated power and data sockets where your staff can plug in laptops and other devices

# Café & Dining

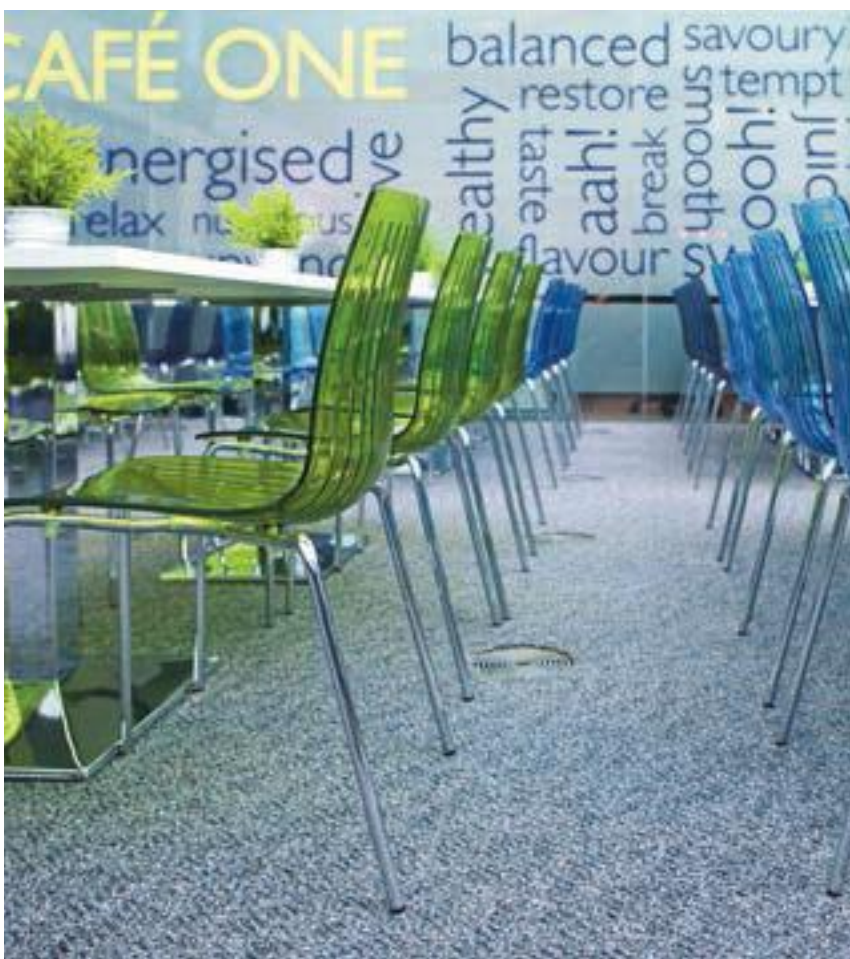

What you see is a selection of products.  
For the full range visit [claughtons.com](http://claughtons.com)

Give your staff a dining environment you can be proud of. All our products are functional, hygienic and tastefully designed making them the ideal choice for your dining and café spaces.

## Flexible table options

We can provide high level breakfast bars and poseur tables, low level coffee and dining tables. You can choose from bench style and traditional dining tables in all shapes and sizes.

### Hard-wearing, comfortable seating

We can improve your dining space with comfortable bright, modern or traditional seating. Designed for easy cleaning, our seating range is durable and flexible.

# Task & Operator

What you see is a selection of products. For the full range visit [claughtons.com](http://claughtons.com)

You can choose from our huge range of task and operator chairs in any shape, style and colour to create a more inviting place to work.

## AIRO

A comfy office chair with a high, breathable mesh back.

## APP

### MARS LEISURE

A lightweight chair, available with or without arms, on a chromed 4-legged frame.

### FOURCAST EVO

The loop chrome arms, and a free float seat/back function of the FourCast Evo complement the simple lines of the FourCast shell.

### KARA

The Kara work chair provides exceptional comfort with minimum adjustment.

### MAESTRO

Maestro is a contemporary and comfortable stacking chair.

### KRUZE

Kruze's elegant design draws the eye, and will complement any modern office space.

We know that we can impact on the environment locally, regionally, nationally and even globally. That's why we do all we can to be greener and cut down our footprint.

How do we help the environment?

- We take great care in choosing the right raw materials and most sustainable production methods
- We cut down on waste, pollution, solvents and material consumption as much as possible during all aspects of our manufacturing process
- We buy from eco-friendly suppliers and source timber products from managed, sustainable forests
- We work to cut down on harmful emissions and transportation fuel
- We comply with all current legislation and continue to address environmental challenges through our commitment to the principle of ISO 14001
- We constantly review and assess our processes as we know how important this is for our neighbours, our customers, our people and society at large
- We promote recycling to our customers and suppliers
- Our corporate ethos is based on doing the right thing

## **Product specification**

We've made every effort to make sure that the information in this brochure is correct at the time of going to press. We reserve the right to alter product specification and design without notice.

## **Orders and returns**

### **How do I confirm my order?**

Before we can start to work on your order, please confirm it in writing (preferably in email) with an official purchase order number.

We'll then send you an order confirmation with the prices and product specification. Please make sure you check these details for any errors or anything missing on your order. If there's something not quite right, just give us a quick call or email us to let us know.

### **Do I need to sign for my order?**

Yes, we'll ask you to sign for your goods when we deliver them. If you spot any errors, damages or shortfalls with your order, please let us know within three working days.

### **Can I cancel my order?**

Yes, you can cancel your order before production has started. But if you cancel after production has started, then we'll have to charge you in full.

### **Do you accept returns?**

Yes, if all or part of your order is defective during the warranty period, then you can return it to us and we'll repair or replace it for you.

Please let us know in writing as soon as possible if your order is defective under your warranty and you need to return it.

## **Payment**

### **Payment terms**

Your goods will remain the property of Claughtons until you've paid for them in full. You must adhere to the payment terms that are set out in your contract. If, however, you make any late payments, you may be liable for late payment penalties.

### **Customer credit**

For a copy of customer credit terms, please get in touch with our finance department through [accountsadmin@claughtons.com](mailto:accountsadmin@claughtons.com) or call us on 01482 623952.

## **Delivery & installation**

### **When will my order be delivered?**

This depends on what you've ordered. We'll give you an estimated delivery date when you order.

We stick to the delivery dates we quote wherever possible. But,

sometimes, things out of our control can affect when you get your goods. Please note that we're not responsible for any unforeseen circumstances that delay your order.

Each delivery and installation will be co-ordinated by a project manager, who'll work with you to plan the schedule of onsite works. They'll also be responsible for supplying you with risk assessments, data care manuals and any other information you ask for.

### **How much do you charge for delivery and installation?**

This depends on each individual order. We'll agree your delivery and installation charges with you when you place your order.

## **5 year warranty**

Once your installation is complete and everything's been approved, we give you a 5 year warranty against manufacturing defects for total peace of mind.

Please note that other suppliers' warranties may differ. To find out more, call us on 01482 323235 or email [info@claughtons.com](mailto:info@claughtons.com)
